

PR Box 1/D10

Ditchley
Charlbury
31 May 1803

Dear General
I am obliged to you for
sending me the Act for the
better protection of Ancient
Monuments. The Stones at Dinstone
are of such a quality and
the same material is so plentiful
all round that I think there is
no fear of any one breaking them
up for building or road purposes.

General Pitt Rivers

besides

I have made arrangements
about the place which I think
will prevent any interference
with it while the property
remains in the hands of your
family

yours truly

(Dillon)
