Dear Genl. Pitt Rivers

Mrs Bevan, as
you will see by her
letter enclosed, is very
anxious to have
something made out
about a great earthwork
near Fosbury (what a
suggestive name!) I have
told her that I have
forwarded her letter to

you, as you may not
perhaps object to a
new site for excavations.

Yours very truly
W. A. S. John Hope

ROSBURY MANOR
HUNGERFORD.

Dear Sir,

I write a line to say,
(in case you sh.^d be seeing
Gen. Pitt Rivers) that we
expect to be here till Aug 9.
and we sh.^d be very glad
to see him if he would like
to come to us for a day or
two and explore the camp
at Heydon ^{or Haydon.} There is
a plan of this camp at

p. 188 of Hoare's
Ancient Wiltshire.
It has never I believe
been properly examined,
and is I sh. think quite
worth investigation,
being in a very perfect
state, and the double ram-
part is complete all round.
We expect to return to
Kent on leaving this place,
and if you have a day

to spare after the 10th to
make a plan of Camlet
we shall be very glad
to see you - Believe me
y^rs faithfully
E. Mearns
