Dear Sir,
Sincerely

I called at the Hotel
this morning after I had the
pleasure of seeing you, but the
Hotelkeeper told me you had not
left copy of the Act. Kindly
say what you desire with reference
to the "monuments" in the
little Glen and I will get Mr.
Baillie's sanction.

Yours respectfully
J. W. Grant

Dear Sir,

I enclose herewith a copy of the Act with a preface which is official and will explain better than anything the nature of the Act. The Monuments in question are included in the Schedule "Scotland" as the "Pictish Towers at Glenelg". All that is proposed to do is to place one or two stones round each Monument to define the area placed under the protection of the Comms of Works. No restoration is contemplated, nor

Does the act interfere
in any way with ownership or
establish any right of way.
On hearing from you that Mr.
Baillie wishes to avail himself
of the act, I will have the
usual papers forwarded to
you from the Office of Works

Believe me

Yours truly

A. Pitt Rivers.

Dear Mr. Glenelg
I sent your note of last
week and copy Act

He writes in reply -
"In answer to your
" letters I am quite
" willing that the Govern-
" ment should take
" charge of the monuments
" at Glenelg under the

I hope this is satis-
