My dear General

I return w Stanley's
letter, & now did
expect that women would
put their monuments
under the Act, though
but very few objected to

our bill.

I should hardly have
thought you required
any special authority
to report.

Believe me

Yours very truly
John Lubbock

My dear General

I am very glad you
have accepted, & hope
now that our great
National Monument
will suffer nothing
more than the natural
& inevitable action of

time.

I do not know whether anything is settled about the title, but I take the same view as you do.

I believe you would report directly to Lefevre.

Do not be reckless in digging during this weather: you must be careful of yourself as well as of the monuments.

Yours very truly
John Lubbock

My dear General

I send copy of the
Act as requested. You
can of course get any
you want from the Office
so will you please
return it to me.

R. 17.

I do not know that there
would be any means of
exempting the Inspector
from serving as Sheriff
or on Juries.

I hope your son will
succeed in Wat Surrey.

Yrs.
