Dear General Pitt Rivers

I shall be in London
on Thursday the 11th and
can see you here say at
Lodge. Yrs. very truly

Shaw-Lefevre

PR Box 1/L5

4 Grosvenor Gardens

Dec 4th 1872

Dear Sir,

I have remained in town
in order to see you after the
opening of the Law Courts as
you requested. If it would not
be inconvenient to you to see
me tomorrow evening with
the August monuments
subject I should be much obliged

otherwise. If you would kindly
return another time I would
return to town from Dorchester
at any time that may suit
you.

Believe me
Yours truly
A Pitt Rivers.

collection at South Kensington -
Has the Government declined to take it
and has your given it to some

other Institution? I ask with
reference to the building which
it now occupies.

L.B.D. v.D.

PR BOX 1/L5

Dec. 5. 82

Dear Sir

I am very sorry to think
that you have stayed in town
on my account. I could see
you to day, but I am rather
busy as I have to go down
to Stratford on Avon tomorrow
to make a political speech
for which as yet I have
made no preparations -

I shall be in London again
on the Thursday afternoon
& Friday next - could see you
I incline to think however that
it would be better to postpone
our interview until I shall have
had time to draft the
memorandum on the Subject of
the British Steamships Act -
the best mode of carrying it

act. I would then send it to
you for your remarks and we
might meet later to determine
any doubtful points - If this
needs your approval I will not
ask you to call here at present,

Yours very truly
J. Mackenzie

General Pitt Rivers

P.S. What is the position of your

protection
~~information~~. I feel sure that
the part of local societies will not
be disposed to counter archaeologists
unless the only fear is that we
may receive too heavy dependence from
them but it will enable us
dependent to see that due provision
has been made for obtaining
reports of all threatened decay
to the monuments.
It is of course ~~the~~ as a thing
to decide upon a basis but
the matter might perhaps be
considered in the ~~subject~~ ~~subject~~
part in

PR 86X1/45

Rushmore,
Salisbury.

Dear Mr Shaw Separe

I have been thinking it
may perhaps be found advisable
to ~~name~~ ^{nominate} certain countries
or districts persons who may
volunteer to ~~perform~~ ^{perform} the
protection of local societies
of ancient monuments both in
the President & Secretary of local
archaeological societies & field
clubs. These societies consist of

could be borrowing but some
affection & I have no doubt
they will never be found
willing to accept the just. It
would be their ^{business} ~~business~~ to report
to the Inspector. Since anything
would occur, & in order to denounce
the instruments, unless they
don't call the Inspector's name
in respect to all the ^{instruments}
accused, or we might feel
to take a proper care of them

That is not to be feared &
I think it that then since the
Government ~~has~~ his hands fully
responsible for the preservation of
these things they will be open
to attack from all quarters of
any thing said wrong, and unless
we require some system of local
inspection, great numbers of copies
may be incurred in the matter,
copies, & even then we may
not secure the necessary ~~inspections~~

PR Box 1/L5

Nov. 30 83

Dear General Pitt Rivers

I have dealt to day with
2 questions submitted by you to this
Department. I am sorry to
find that owing in part to press
of work due to a very important
enquiry at the Post Office & in
part to demands on my time
at Reading I have been unable
sooner to deal with them.

Yrs. very truly

J. H. Lubbock

Oct 28 92

Dear General Pitt-Rivers

Promrose has shown me
a letter from you dated July 4 last
on the subject of Ancient Monuments
in which you suggested that it
might be well for you to send
me a General Report which you
have had some time in preparation.

I think such a report would have
great interest and value & if
without your inconvenience you could
complete it I shall be much

Obliged - I wish them consider
whether any amendment should
be made to the Act

Yr. very truly
G. Manly
