My dear General
I do not think there
is any advantage
in placing the Comanches
under the protection of
the Act
They are well taken
care of as they are -
and I do not think
the interference of a

Public Board of Health
value.

I hope you are now
feeling better than you
have been.

I am not any further

the ground of recovery
of which are about the
last in the ground.

Yrs. truly

Dear General Pitt Rivers

I desire to place a
Cromlech under the protection
of the Ancient Monuments Act
which is situated in the farm
of Trefigneth, in the
occupation of John and
Anna Thomas, Holyhead Parish.
It is within a few yards of
the road to Holyhead.

yours truly
Stanton
