Claverton Manor

Bath

Sept 21 -

My dear Sir

We were sorry
not to see you to day & to
have your opinion of the
Hampton Camp & the
excavations I have begun
specially as it was a very
fine day - Mr Sayer tells you
you could come on Tuesday
next and that he could
meet you there - If this is the
case I shall be happy to
send my carriage for you
to the train - which I believe

you named 12. 2 Scout Salisbury
12. 2 in Bath. This would
give you time to see the
camp & what is said to
be the Wansdyke on this
side of the river - but not
to trace it on the other
side at Warleigh. if you
are returning the same
evening to your home.

Indeed I think you would
find a good deal to
interest you in the camp
and the remains of
foundations of old

walls outside it.

Should you desire to
proceed to your inquiries
further - we can offer
you a bed here & that
we very pleased to see
you. Believe me

Yours truly
H D Shome
