Carlstone

Sir)

in respect of the
filling up of the narrow
section that has recently
been removed by you as I meet
Mr Joseph Maunrdell and he
began to talk about it and
he asked me what I gave in
for and he told me that you
had let me the work and I told
^{him} that I had not an answer from
you to begin the work so that
I should not begin till I had
as I do not do business in that
way so that an answer will
oblige from yours Obed
