My dear Spencer.

I am in receipt of your
 indignant letter, but does it not
 occur to you that I have very
 reasonable ground of complaint.
 I am asked to guarantee publication
 of work that I have never seen
 or in fact had any communication
 about from those by whom it was
 done. — As regards your own
 work I wrote you long ago to
 go ahead with it & I naturally
 thought that the production of
 that authority would have been
 sufficient for Belt
 as to my writing the General
 Chapter I should like very
 much to have done it but
 as I know nothing of what
 has been done by any of

the members of the party ~~except~~
yourself. don't you think my
General Chaps. wd. be rather
regal - however you have
now authority & money to
go on with your portion - I
have appointed Bulmer as
publisher & he is getting me
an estimate for cost of
reproduction of Landscapes
& Notices by photo-litho
I have not yet however
received Gilmers negatives
He need not be alarmed
that he won't get all the
kudos due to him in
fact I wd. far rather give
it to him than any one
else - Stirling Lundrland
says I have nearly killed
him with overwork by
burdening him with the whole
so I am expecting to see

Some Colors of production
I am sending by Bell
An album for you
I'd like to have had
it complete with Gillies
Kabis & sent him the
also, but that must be
answered - with
plates are ready done
I sent you the prog plates
some time ago I didn't
know you wanted the
report returned -
Bell however says it is

The Ethnological part
must be published first
as I want to see it

26
before it goes to press
& also the illustrations
negatives, so please
get them sent on as
soon as possible

Yours sincerely
