

WEST PARK,
DAMERHAM.

Salisbury
25 Nov/95

My dear Spencer,

I am getting a few
landscaps plates reproduced
here for the General
Chapter. — I am
sorry you have not sent
home Gillies plates —
Francis Bell writes me
that there is great joy
with Stirling & Malt over
the fact that I have
authorised you to expend
£800 — but I suppose
you remember that I
was emphatic about
seeing Stirling's work
before publication

which must be done here
& also the reproduction
of any photographs for
Ethnological Illustrations
all of which must come
out of the \$500 —
Watt has had his plates
done here —
As to the photographs of the
party you had better
Send me one Cabinet
photo of each member
& I will get them grouped
& reproduced here.

I am getting a map
from Winckler, rough
one and am filling
in the position of places
of interest from data
in his Malinche Observⁿ
book —

I think he has behaved
 very badly over the whole
 thing - The article
 in the Regulations was
 started under Expressly
 provided for the Surveyor
 fixing accurately all
 points of interest &
 giving in his report on
 the return of the Exped.

All he has done is to
 give in his Map. ob. book
 and then demand £90
 for his journal which
 is of no particular
 value & a demand
 that his work shall
 appear in the front

of the book which
 will be quite lost &
 enough without it
 Your journal is much
 more interesting & not
 so tedious -

Send home your
 part of the book as
 soon as possible

Ashveim,
 Sincerely
 W. W. W.
