My dear Spencer,

I am getting all the photos reproduced as quickly as possible,

Melville m^{ch}. notice of the work is all right except the designation of Mr. Wunncke as leader — This must not be so placed in the book as there was no leader Mr. Wunncke

conducted the party to such points as they wished to visit — I have stated here in both papers that

I have read that I left
no autographic traces

I have given you a few
hand in every thing else
concerning the book
but I do not wish any
of W. Winckler's words
published & I wish

the names to appear
in the following order

- Prof. W. B. Spencer
- Ralph Tate
- E. C. Shilling

L. A. Watt
of Winckler's Swiss or Indiana
G. A. Reinhold

Geo. Burt

Unless you have any special
reason for pulling any names

in front of your own
I consider Winckler
has behaved most disgracefully
and therefore I wish as
little reference to him
as possible — I don't
mind paying liberally but
I won't be blackmailed

Respectfully,
Wm. Brewster
