My dear Spencer

I received the photos
by this mail they are
very interesting —
it is a pity they are
so light fugged, but
if you send the
negatives home I
will get them doctored
here and the prints
done in platinum type
It is astonishing

how well & cheaply
they do them from
poor negatives, some
of mine were very
ordinary but they
have sent me some
very fair prints
from them.

I enclose a few

plates send the
plates as soon
as you can
conveniently do
so

Sincerely,
W. Watson
