

Frank St-

Paul Malvern

13/4/99

Mrs. Spencer

Frank asked me to send you the enclosed which he has received from a man in New Guinea whom he is "breeding in" of the wood. He seems to promise well - and I am interested to see if the marriage Rule is practically in the same lines as that of the Ori - and if it runs in both lines. See p. 4. Nos 13-15 and 17-14. Frank asks if when you have perused it you will kindly send it to Karl Johnson. Frank has had a "fatty tumour" (which was very ugly) cut out of his lower lip, and says that he is getting all right again. However he does not seem ~~but~~ at all well either physically or mentally. I should fear "cancer".

Yours faithfully

Arthur
