My dear Spencer

I must admit at once
 that I am irremediable for not
 having returned your camera lens
 which you were so good as to lend
 me but which I have not yet found
 an opportunity for using. However
 I hope that you will kindly excuse me
 and accept my apology.

I am trying my utmost to
 conclude my special labors & the

middle of July at Calcutta, so that I can get away with the G. P. S. and Bates and spend a year in finishing my book. I talked of writing into the Native Notes of Bishnath. I have it pretty well roughed out and several chapters typewritten so that I see a glimmer of daylight ahead.

I hope that you will be able to find time to continue your work in your own field namely the W. Western Quadrant of America in which there must be very much to be worked out, and to do this it is necessary that you should be able to take it in hand. I hope to see you before we leave town, which I hope will be later than two months from now.

Yours faithfully

A. S. Wood
