My dear Spencer

I write just a line to
say that I shall be in town
next week and if quite convenient
to Mrs Spencer shall be very happy
to come your guest for a couple
of nights, namely Wednesday and
Thursday 18 & 19th inst.

I have many things I
wish to talk over, especially the
Deri, ceremonies which I am
convinced are the analysis
of the Eucharist.

The Derr's information, which I have not obtained, and which I am sure is true waiting to be brought to light, is troubling me a good deal as you can imagine; Then I want to discuss Andrew Ray, my old friend & his and their views.

I expect to see him on Tuesday and shall have a good talk with him that evening, in preparation to one with you.

With kind regards

Your faithful

Al Howard
