

NATURHISTORISCHES MUSEUM  
ZU  
HAMBURG.

HAMBURG, den 19. Dec. 1894

DR. WILH. MICHAELSEN.

Dear Sir!

With great interest I have  
read your papers on Earth-  
worms of Australia. I  
should like very much to  
get Separata of these pa-  
pers. I therefore propose  
to you an exchange of  
our papers. Do me the favour  
to inform me, whether you  
consent to this proposal.

As well I should like, to  
get some Dubletts of those  
interesting worms of yours.  
Could not you send me some?  
In exchange I should send  
you Dubletts of the Hamburg  
Museum, for instance Earth  
worms from South America  
or Africa or Europe.

Please, favour me with  
a gentle reply.

Yours sincerely

D. W. Michaelson.

Hamburg, Naturhist. Museum.
