Dear Mr Baldwin,

Very many thanks for sending me - your Presidential Address to the Unitarian Anⁿ. A.S. It is no form of speech to say I have read and re-read it with the very greatest interest - and look forward to reading it again or soon as an interval of greater leisure comes to me. It clears my ideas on several points as to the Unitarian aboriginals on which I had long been pondering; it is not often that one gets so condensed a light on such a subject.

Yours truly
