

Crown Point Wis

10<sup>th</sup> Sept. 1898

Dear Professor

By this mail we are sending  
you under parcel post 10 Mules  
You must think it very strange  
and want of courtesy on our part  
in not writing & thanking you  
for the case of Fruit sent last year  
but we were all very busy at the  
time, preparing for a trip to Dulles  
& sorry to say it was neglected

You will see that we are in the same  
old dust hole, but glad to say that  
we are shifting the Station shortly  
to a much better spot at the  
junction of Finke & Goyden

So far the season promises to  
be a good one, & it is to be hoped  
that Arough will give us a rest.

I am glad to report all well  
with kindest regards from

Self & Mrs Ross

Professor Spencer  
University

Yours very truly  
A. Ross
