

THE UNIVERSITY,  
ADELAIDE.

6<sup>th</sup> Oct 1903

My dear Spencer,

Much obliged to you  
for the Waratah seeds which  
seem good. I am planting  
some myself, or rather have  
done so, & I will give some  
to another gardener so as to  
have an extra chance.

Let me know if & when you  
get any plants before sending  
them along as we have some  
absurd regulations about  
admitting plants from your  
colony which will require to be  
circumvented & when I know  
that you have them I will

mis trust you as to the way to  
send them.

You did not allude to  
Allen-Leeper's letter - if you  
have some ask it send it  
back as I ought to answer  
it. No hurry about

Wagyanidia.

Sincerely yours

E. C. Shirk
