

Mosulā

June 19/01

Dear Professor

You must wonder why I have not written to you before, but my hands have been too full on mail nights to allow me to do so.

It seems to me that you both have only just commenced your journey as I have been able to follow your movements so closely, besides receiving ^{almost} daily news.

I hope you have been able to look after & manage

Wishing you every success
in God's good

I remain

Yours sincerely

Spencer Cotton

Grand, take great care of him
as he is very dear to me.
I little thought the "dream"
as you called it, would
ever come true.

I heard from M^{rs} Spencer
last week, or indeed visiting
her in a day or two. I
was sorry indeed to hear
of her trouble.

I am delighted to see by
the Photos you are all in
good health. I certainly
think you have improved
wonderfully.

He are all well here.
Thankful to say. Spencer's
Gilels is a fine bright
boy, & I only wish his
Father could see him.
