Mt. Gambier

15th Sept. 1895

My dear Spencer

Yours of 29th reached

me last night & I was glad

to learn from it that

you had missed me I

enjoyed my visit immensely &

should much like to have

Another peep at the 400 before
leaving for the land of
gibbers. I had not left the
room & had bought City
behind 5 miles when I requested
that I had not deformed
my return until Friday. Then
Nefe did not return upon
my return until Saturday
He expect to leave here about
Wednesday any letters arriving
after then will be sent on
to me - Will you please
send the Eureka sheets, after
taking care you may wish
to keep to the address
Railway Sta Adelaide "Tel
called for a I intended bringing

PS Since returning here I have had an application
from a Corresponding Member of a Scientific body in
Denmark asking for some black pictures for publication
in Denmark. I have also been asked to furnish
some information about habits & customs of huggers
for benefit of an Australian Veterinary man who is
now in England who wishes to make use of information
for Veterinary purposes. Both declined.

Yours
J. J.

Nefe desires to kindly remember you. She is much interested
in your Riddles

them away with me but
forgot at the last moment.

Want to give them to
Stirling - French sent me quite
a collection of butterflies &
butter for when the West is

very grateful - Please remind

Mr Henderson about the
developing formula I want

to start the ^{seasonal} on ahead with

things as we are ending from

Town - Kind regards to Mrs

Spencer love to the dear

little Nannies

Yours most truly
