My dear Spencer

Miss Lambert & I have
exchanged letters chortling over
the success of your criticism
she comes to as tomorrow when
she promises to give me
"Himself's" account of it.
It must have been - or rather it
would be for ^{me} a paralyzing
experience to face such a crowd
did you feel nervous? I
hear from Parsons that the
Governor is not going to preside
at my show but if he can
possibly manage it he will
be present. I understand they are
asking way to preside. The

date is fixed for the 24th so
as to ~~not~~ give the Gov^t a
chance of being present. I am
enclosing account of the Humbag
drawings: In view of the fact that
Stirling has been there & secured
drawings do you think it
would be worth my while to go
there? The picture is first rate
I checked it over carefully
yesterday & in the afternoon
delivered it to Bill Jack on
the Tolidudo of the bald
hill. Jack is very curious about
the Mollanqua! Am expecting
slides daily will write again
in a day or two meanwhile
Shanthe love to the kiddies & kind
regards to Mrs Spence

Yours
H.S.
