day

A shot at the old note if you prefer?
Mrs has made Mrs. Knapton - Dickinson
will be sent in 15m days for Mrs. Spencer

Just returned from Joint Pierce Mission Station
Results of trip very satisfactory concerning limited
time at my disposal & that I was a perfect stranger
to the blacks (who by the way are mostly yellow)
Excellent prospects of real good work later on
Unfortunately too old & but in form of ~~work~~
men about just now. Will send along notes
as soon as I have time to make legible copy
And Mr. Howell why he calls the tribe Adjadura
the blacks tell me it is Marung-ga. It is making
Some inquiries through a Manager of the Station but
I am doubtful if he will get satisfactory replies
- Statement descent - Be prepared for startling
Statements about rating of Totem in which there is
clearly a proprietorial interest in also in a number
of sub-totems. Wish you were here tonight to see
It all over
Yours ever
Stanhope F. J. G.
