My dear Spencer
 - See Kingston Gardens
 was many more as you can
 before I reach Port on Friday
 a letter from Headin will be
 a great help with C. C. who
 is just now sure to be in
 great frette having stormed &
 now a Jory seat in the
 Upper house. Friday is a good
 day to see them as part
 is not than selling. Sound
 diplomacy to see Holdon too
 as he being Premier might
 consider himself neglected if he
 heard that you called on ^{others} ~~him~~
 & not upon ~~the others~~. him
 as Treasurer too my recap asks

with him. Perhaps if I loaded the
baggage for £300 they'd give me
half that amount without fuss:
I don't trouble to meet me at the
train if you have anything else
to do but let me have a
note to Ganton Railway saying
where to find you: I shall not
be coherent until I have seen Todd
& forced up matters with him. You
will understand my anxiety when
you hear what I have to communicate

— Kingstons own man & that's a
happy thought of yours has a
little afraid of uncertainty about -
so he says - you may find him
a little shy. You'll find me quite
ready to fall in with whatever
arrangement you think best about
starting re Sleuther
