Dear Howard

Thank you for

playing your note + enclosure.

I was surprised on Saturday
to see your sisters at the
station more especially as I
had no idea that we stopped
at Alderley but I just put

thinking that there was
the slight chance that some
one might perhaps be
wandering about \rightarrow course
saw them. Thank you very

much for asking me over for
a day but I really must
not come. My time here

is very short & fully occupied:
however I want to have a
chat with you. Could you
come home with me on

Thursday night when they
have arranged to have my
lecture (not Wed.) I can
promise you a most
uncomfortable ~~bed~~ bed but
it will I fear be our only
chance of meeting this eve.

Will you please thank
your sisters for their kindness
which touched me deeply
more especially as they made

Will you present my kind regards to Frank.

very careful arrangements that
the genuine upper part should
be spoiled by what lay below.

After all I never wrote to
Emily please ask her forgiveness
& say I'll try & be better in
future. If I don't hear
from you I shall take it for
granted that you will be here on
Thursday night. Thank you for
your invitation & please excuse
my not coming over though I am
really beginning to feel ashamed as
you have never yet been with
