

9 Museum Terrace. (56)

Feb. 22. 85

Dear Howard

I was glad of  
your intimation concerning Mr. Reid  
as his telegram did not come till  
considerably later: Thank you for  
the same.

For a few weeks - that is till  
after Easter the above is my  
address + then will change to  
5 instead of 9. My present

rooms are very small but  
will do for a few.

Living somewhat out of the general  
run of lodgings that is a good

distance from college but of course

~~that~~ first aim is for me to be  
near to the Museum: in fact

there is in my immediate neighborhood  
a regular colony of science men  
& we are not at all too far  
away from humanity to suffer from

56  
having too much of one kind of  
society. It is also close to  
Keele which I was forgetting to  
count as a college.

I have already got two

'bups' which is two more than I  
expected to have seeing it is now  
the middle of Term: one is a

"she" on the whole I would  
prefer not taking the latter since  
you cannot coach her without  
the annoyance of having a 'chapman'.

in the room at the same time +  
to have some one who you are not  
stealing to but who you feel is listening  
to all you say is not at all pleasant.  
I shall probably get about 5 pups every  
year or something like this which will  
mean an addition of £50 to my  
income & also a certain amount of hard

work.  
I trust that Mrs. Gault is improving  
though the cold of the last few days  
which have here been delightfully clear  
must rather have tried her.

Ys.
