heavy storm during night

Sept 18. Wednesday.

rain during night & thunder.

left camp 9 am.

along winter ridge. for some
distance with alternating soft
& stony debris.

Stuck long plain at 10:30. Camp
in distance low rise & Corsham then
walked most of way.

Moumouma Lake (dry) 11 am.

across plain till stuck track
for Paull Lake 11:30. track
good for about mile then on

to plain - bad going, bumpy.
Sept. Car came to stop at
1:15. G. self walking ahead.
Carried food (tucker etc) for at
least 2 miles to Pundarra
Creek, where found poor water.
at 3:30 Jack left with letters
to Manager of Eva Down +
M^r. ^{Holland} Anthony Lopez asking for
assistance.
at 5:30 walked back to car
had evening meal + camped,
S.E. breeze. Billy looked with
difficulty.
Cool night. strong S.E.

Sept 19. Thursday.

Up 6:30. strong S.E. all
day till towards evening.
Down to Pundarra Creek at 9am.
Before this Cooper had replaced
near hand spring which had
broken. Proper lot met about.
Meal on creek. Water very
smelly with bark.
Hot day. Walked along creek.
Back to car at 5.
Rode in shade of car

Sept 20. Friday.

Up 6:45. strong S.E. and
cold night. Jack
Down to creek - found good
water + filled 3 kerosene
tins full and "planted" them
under small gum tree on N.
bank of W.H.
Back to car 2:30. alt. under

Shade - rigged the fly on car -
reading. Baked plum cake.
Clear moonlight - cool evening.
Tried in 7-30 + read.
Flashed car lights every 1/2 hr,
in case anyone coming.
