Timbales Islands (N.W. 200) no thick cloud she could
not see her way about calm at 10° S.
Duke covered with white deck. Unfortunately, banks
at sample.

material about 5 miles from 3 land ports
Ken William on Colleton Island on river
of Gray River Co. 17th Island. Similar country
to the first ~~and~~ outside Rio Douglas.
June 4. Good day. George who left town
at noon dull day. Sun. 100 fars (children)

Deutsche - osaka Käshūn whole vent.
 * - Rota - big interior.
 * - Eige Käshūn - last time size.

live on beach trees & nests here
nests in holes in banks.

"Dharm" = Dharma (spiritual)

"Flat land" at Rio Douglas - lots of dead sand ditch inclosing hill - top probably overburdened by drift. Black bird - much more pointed & longer beak. No black - when dry dirt.

Jack pine - several larger in old settlement.
among the pines - larger than ordinary. Subtropical plants found also.

27

26

Rock pose. Kelp forest. *Armas antarctica*,
Falkland Is. Chilean name here etc.

Large rock deck upon *Armas Bradleyi* (as above)
bulky docks or scammers being too small &
high. fish acting of smaller from below.

Lat. Name of Little Bay - Tuc-Opia.
"Mann-shore" name of point.

1) High black tree. Yellow flowers. *Serrulio* (Spanish)
~~Without use word (ffen) for making arrows.~~
~~Because of finding great quantities from~~
to 30 or 40 feet. *Janélo* (Spanish).
~~Indians used this for making bows~~
arrows from tall in forest. When young
& bushy it is distinct like a Saampan.

2) *Llora dura* used for food in winter
in soft water. Tofete
~~little rock~~
Same name bottom on rock of point - in fall fruit.
Cloudy running to *Dauvaria* of Puffo land.
Marellaria abundant in all sand parts.
fruits, partly everywhere,

29

Wed. June 5. Cape light first morning.

Sandy almagra.

Self in author down Murray Sound to point
a few miles to the north of Bustam Island &
see Cape Horn (page). Waded up

dog. *Almagra* very slight & sand craters perfectly
smooth. Rocky hill covered with scrub,
Acacia (Acacia), *Serrulio* (both like), *Cambo* etc.
Landed at small cove *Tuc-Opia* - where was little

Rock with spine in front & kitchen midland.
What still stands are huge "trees" of rock
of *Janélo* broken to surface from mid-water 30 or 40
feet above surface. Red & granular the
whole shore.

Opposite with patches of soft & pale
green & darker lines of Blue Green marine
or *Hinde Island* sand up Purple channel.

At small coves just seen on in *Cabo Andino*.
Tofete. Still very dry bottom fresh pink then
shading into blue above. *Almagra* bottom,
Hinde Island etc. mostly covered in
warm water with clean organic the stay

30

Jahsan
walked North past to western point (Mān-shān)
looking over south to W. Wallaten Mts. etc.
Cape Horn just beyond. On way back shop
in hundreds resting for night on ledge or bank
Pacific exposed & full force of SW + NW winds.
long-necked duck. Ush-wap (faddle-duck?)
for parusini in water - apparently using the
wind to strike the water, one after the other.
Kuroi (Yabu-andon) showed me spined
belly kelp down below what Jahsan one
very frightened to come saying that a
Wanisara (great wreath hawk) drop
them under.

With one shore the Ush-wap anchoring low
tied on to a half float from Kao-takie just from
shore. Water shallow rapidly bottom going down
to straight sea in H.P. dock. Valley coming down from
Mt. K. Chui-yi core. Cut down upon Yung
hanging village.

Stay after Yung bank. Abundant huzi

32

31

Yet palest & with shade of brown.
Often the green. Amy to most sky yellow
+ orange with grey blue + brown shading
about pale olive. Not Rose & the
rest all tinted with reddish brown +
not in with orange streaks in it.
against the darker reddish brown there.

Extending vertically before or after.

Thrushy junc. Many ~~are~~ a sketch of
which now follows. off from along River
across bridge, under part of Kingfisher. Just
about same size of a "Jackass" but not so strongly
built. My guess dark grey black over
top - black pink grey below
white eye feathers like
ring. with 4 white
spots. Four
white
marks
below line

Black bird without purple band from
shoulder out chest. No red rump.
Part of chest under surface breeding
molted & the white neck band

33

My bird got in bad in tank.
Saw my first. Sky & all water green
Hell rains all sheltered & the sun around
was grey - the river was dark purple & with
all foreground I made (brown) etc).

Haben here story of today late night in Pekin
The tall sandbank on Tsinan Peninsula separated
Río Douglas. It's just about head in very dangerous
trop near - also a small cove on Pekin Bay
is an excellent turn a spirit. On Tsinan side
they have at night top that Ken who had done so
well he was lucky to have got out alive. He writes
about Ken soon I send around the world.

June 7. Tuesday. (Very slow standard by boat
late last morning. Bed calm in N. wind.
By morning winds from N. eastward. Black Cotton
jet out & while low down back. Ken says many
are swimming under.

Rainy people. Darnion says the authority of His Roy
(General. 12 "id). says that here that from June
1st to Aug. 1st. there will be no change. Then comes the
time of winter change. There comes the
winter winds back. Now is much a winter time. We
say when back are on the hills - the autumn
comes that they come on the hills. Darnion says
that to at the present date (June 7. 1929) the
Yangtze still runs the same all day the month from
May till Sept. been caught in July April &
July. Then from July to when the winds
reverse (as now) the shadow the bloom one terrible
flood. You can catch them again (June 1929) don't

Dam on authority of Jerry Weston says we
(see or know on what account Navarino) are found on
Hole Island (Journal, Sept. 10, 1934). *Zonaria* (red-
leaved) are abundant in Hole Isd. but no *Macrodia-*

"Hole" and marsh

Kephys, *Macrocystis pyrifera*, *L. virens* f. 236. All
the species I have seen have been found on
the surface of the water. This is the first
specimen I have seen which was found
in the mud.

36

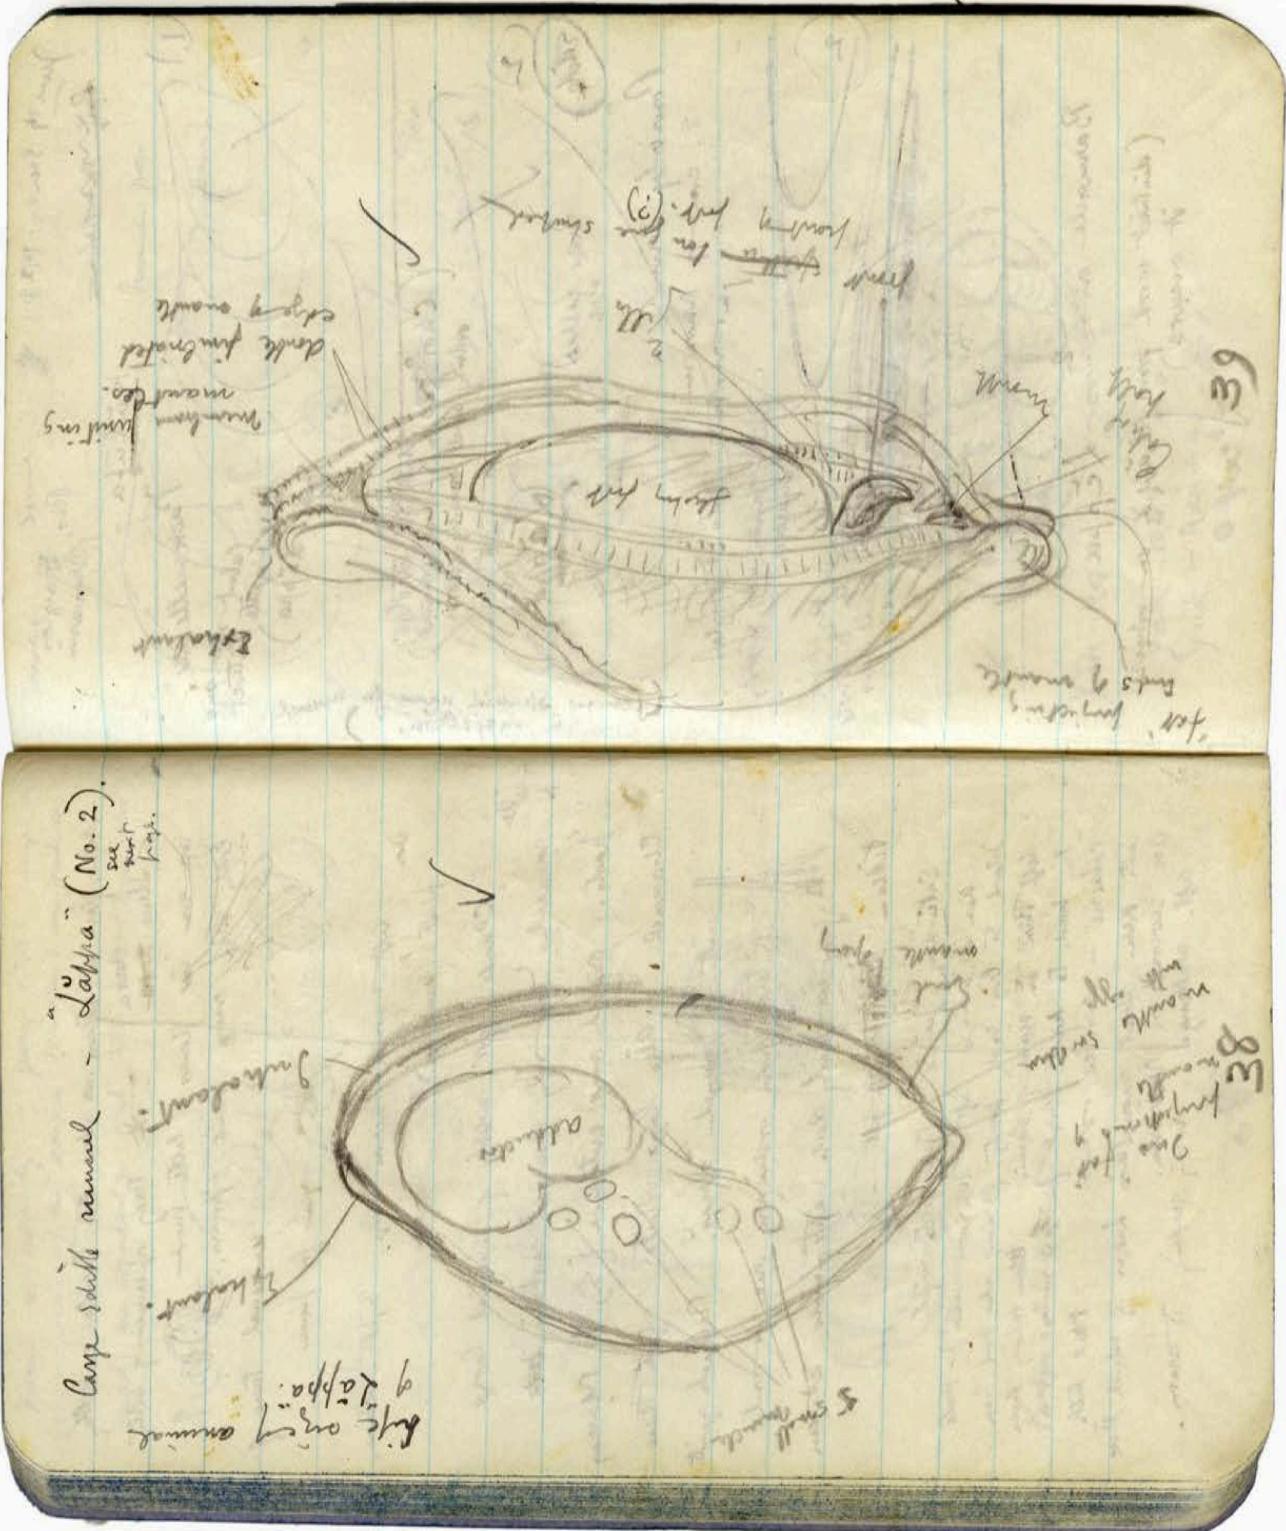

not green in color so also the *Cards* & *Holy*
dura
Sema ~~tree~~ May open even if fully
one now in flower (little buds) 9
leaves with many small flowers, 2 (20)
3 2 annual time of
year for flower

With white across body. Right jawline.
iron plate (porcelain).

Clouds got supply of special large
seeds not only green in certain
parts. Shaded near entrance (S.) to Murray
Channel. Also large white. Get these
with 4 prong spear. Dumb quit
district from ordinary one → only
green in parts dark water over between
tides about 10-12 feet.

Saturday, Jan. 8. Clear frost night.
Ken & Seward left 10:15 in cutter for hole
Island to big back party (3 men) who had been
left there in search of skins. When taking them
by boat to hole boat for 3 miles over a
channel — over ice tonight. Had talk
with Ken about mountain lakes of which nine
are several on Navarino. *Tarawa*.
After walking of evening under

January 20th 1880.

Charlotte Fox (See Points). (Collected "Gammie")
→ Captain: Used to tie his men to meat
is best known if my off-hand here but the hand
such a adaptation for food critic that he could
always get an over. Had a gun on his cutter.
between their idiosyncrasies were sealing (against yesterdays)
he used to abhor suddenly while they had their
spoon and another - hand the Balalaika - for
the gun - If my most heavy gun needed to the
reloading & the soldiers. One whom Grandi
frequently Northern U.S. Navy whom I heard
had obtained his authorities in Port Stanley Falkland
Islands. for probably 15 sand skins. "Charles Fox"
came along which secured 4000 skins in a
walks - sailed away rapidly.

Some shepherds have seen Charlie working so
hard he came into Red Stanley the authorities
allowed him to conduct his care & then
searched & found the tools & both charged
back - paid him 1000(?) dollars what he could
not or would not pay for more than a year.
Now wife Charlie ~~had~~ secured her 4000.
Charlie hardly ran a risk or any risk
more about to ~~had~~ been all when he himself
was shot & ~~has~~ made a slow recovery on his bed.

on Great Pier & Seamer
Charles the Dandy - in London again.

or passed over Rio Douglas,
on pony and munion station about the
house. Had him speak in by an Indian who
was in charge of Rio Douglas after the Mexican closed
last country. Not certain about half the total
boundary from (about 70) made when
1906-1917. Counted 36 in present claim
all with hope of south saw few that had
remains of Indians living round them. founded
originally been incorporated by Bishop
Right to be retained as relic of old race.

is just under 70 - all TTD. Most at Mound

Being settlement N. of Narrim

15 Dec. Saturday.

Day 3 (close (workshop) to leave 2

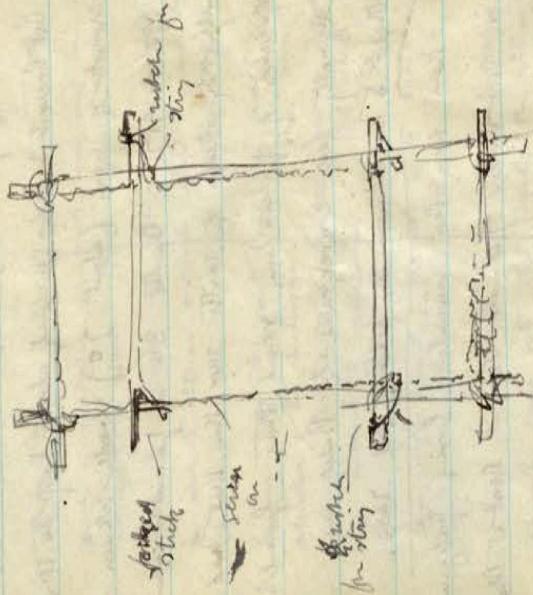

skim boy had about 2000 writing
16 June. Sunday. Gray night at intervals. Snow,
very dark morning. Very dark area where to
Abtei Island. Beach with white stems or light
brown foliage against sky on hill top. Yellow
keys in bushes above. Many day drowsing
way of logwood. Fishes. Young Spanish.

17 June Monday. Bleating in lot. Snow mostly melted - West N.W. has many bleak areas. Left herd duck till 2 p.m. Walk to hidden a found. Large number kept gone. Some C & S Kinnage birds put in wharves due to bodies of seals being about. End writing two sun-bell days.

Sepher Alfred Claude Martin Bellamy

16. June. Sunday. Mild day. Sun mostly gone.

Found cattle in Startails. Keen shooting many seals
on ground & seal skin in camp. Scratched. Skin
then completely scraped over head all day
discovering many of different duck till 5 p.m.
18 Chincango birds in paddock attracted
by food of ~~chicken~~. Found "nest" in
Outer Park. Then two more off. In lot
sunlight. Went up more hill. Climbed in
late aft. & rain (light) during evening. Wind N.W.

June 19. Wednesday Dark - ink - getting very thin - come
closer to crowds. Cleary after

Heavy snow. Cleary after
Cape Horn. Light falling, with cuts (other) came
in late aft. Little bird - out 4th made May alluvium
to Cape Horn Islands - only 60 skins. No joy.

Six hours return on board & sand from Yuma island &
Gambier islands - took them together - no harm.

Capt. Dilling says ~~that~~ cutter that can go within
four inches of the land can manage to get through
Mopan Islands last) cutter that can't get within four
inches of the land sufficient to catch.
Even sand in snow - probably my delicate & beautiful.

June 20. Thursday. Wind right S.W. Sun in
late aft. Wind. Sunday day. Capt. Dilling
said probably still (Capt. Dilling) wanted old. Boat lost.
Dilling after this from Kewa John St. to Rock City.
Went directly after ~~the~~ ~~old~~ boat driving 10 in sand.
Wind. On land on ship went down Charlie took over anchor.

57

56

June 21. Friday. Sun. S.W. with N.E. breeze.

J + Ken out in off - sun - other last finished.

J. kept 20 - 23 out & Magellan by Capt. Dollars.

Capt. to Kuan - talking. Snow had.
Wind shifted to N.W. sun off.

June 22. Saturday. quiet off - sun. from N.W.

Contaphorn (snow) stayed at Dongan. Capt. to
Kuan (snow) stay at Dongan. Captain
cutter left 8 am. During tracking chart. off Kuan
wanted model chart. I only up hill plots.
Rio Dongan river sounds like very beautiful

in sound. Wind changed wind to S.E. in off.
Kuan (snow) out in sun and
to north after day. grand old lake yet
Snow. Great time very delightful.

Contaphorn. 5-11 - talk by him.
Ken provided puppy iller for J. & another old.

Ken minded boat come in off.

Small fish hook from Kuan off.

June 23. Sunday. Very cold night. water in boat
had to be taken out ice. A Right way. Planted.

Estancia poor hill. 1:30 pm grand in from
Kuan (snow) - had spent night all. Left 3:30 pm.

The very strange scene off to S. dark ultramarine
(blackish) clouds with blue plough. Fresh trees &
white branches - hill side standing out against it.

June 24. Monday. One night. freezing. Draining
chart. off. Broken off Dongan - water.
had snowball for boat. Kind of salt lake fine with frozen
ice edge. Long the way. Clinton

Pietro Bassaldo.

69

July 1/29 from Jessie at Pierros.

gashka +

3 kinds of shapes - 1) white breast - Wā-sani
back of neck black

2) black - Yērshick

3) black neck & white breast - ā-lān.

Yehshick said "I think I have seen them, black most like esp. last".
Jessie does most -

(A) U-sani (Wā-sani - mai = wai-ya)

U-mai
name of Pierros' Gave

Acacia = Pavaray Sound

mai ya = going out to fish

wai ya = bay or Cove.

asenca (wasion) = shag

= Bay of Shape where they go out to fish.
Pavaries where come to went at night
shape can be heard calling out.

ā-hush ukka = home of the wild man.
= name of Brown story on Navarino just at Sull

of Navarino Navarino.

Yēr-ai kālū kūmōlākū-ā-ni-er.

I want to make my campfire round here.

Wā-kash ā-mäk(ka).

on Murray Navarino.

āmōka a the back of person
Wā-mök = small of back.

July 1 (ing) Yā-kā - shāka

Ā-shāka - Murray Navarino

front

öltch

"fruit" (spoon on this (like yellow kefem) = öltch;
There griffles occur on some of the deciduous f

leaves. May be hundreds on one tree &

nest package a - öltchit. Greenish on bare twigs.

The larger branches.

Shor-

upshakai

(ah-rom)

shakai

shakai

ward for necklaces

Yō-kālia - yoh-yam, name

Chilimaingo

Tiugue = 2/3rd the size

= Tugue

T

Night spirit + nest very old but cov-

metly broken over - Many up into trees.

Back trees - many of them with cotton spinnings

on branches on which the "piup" - kesten etc.

green had yoh-yam eat - either tree or cotton

in both cases.

Hanuf - bird man of Yō-kālia.

One man at Kāmūlākū -

front Island had a

son, Māia,

in the evening + son making a harpoon when

The men left their wives down to

full moon comes on to the beach. A hand

saw them. The man called his wife to come

71

70

July 1

and help him. She left the child in the
nightime. Harry came & pulled it with harpoon
off this though child. Took in boat. After
men in another camp saw Harry. All went
in search. Could not find him last night.
Found him in sleep. Woke up. killed him from
boat with spear. Russian a petrified man.

Beside falling over went up to a
lake in the mountain in Nootka
Island. Kamus & kka or Purple
Chumash. Atte. West this come
a time of terrible storm. Monday
for 8 days very dark was snow &
high tide. Harrys were all
killed. Not seen ever since.

By me went out skin back in second
part. Found ~~the~~ Nathan land & took out
again. Father. Son with man offend
him tip of neck. Father hit hit not
to go out of air. Great one day. Harry
told him on his shoulder over to the lake
on the mountains. kept him there where he
lived with little boy ~~of~~ who spoke
yokan like him self in my two voice

72

July 1

Harry brought him down. After this father
went up to Tase village, later on Green
fell & harpooned all killed. These men ate
her father up. Tell standing up to his shoulder
is men. later on some Japanese went by
in boat & broken broken down.

Old lady (Nootka) will
be ship of wood
on back off which she
bit pieces as I think
she needed.

Evening in boat with
Yatlapay man wife & 7
children on Amakim-mam
sing song & reading & lately
song. Her and Her baby in the back house
was the children have with them through this night
not know them.

No Japanese seen now. Very
simple affection of words like uku-a-
etc. Know no meaning to them.

73

July 2 1929

Pedro Basualdo Chanchay
name

Wī-fäl - name of small village of Otavalo
planted for. Known by Spanish
Basis 3000 ft 10 yrs in quiet water swimming
never been caught!

Hāni-sista-wella = paradise on Earth
like paradise.

Tai-wella = name of basket

Chillana - medium sized flat bottom boat
chara - large flat bottom boat - or lighter
chafita - very small flat bottom boat

Anan - Yachay for canoe

* Kouraki 1
Kampipi 2
Nauhpon 3 (or more)
+ Chatla - name
wüñru - many

mica mina { M. mica huaracan
ca-shaka } Indian name Pichois

Yachay cut and W. to C. divide
Bachworks. Went to market into the place where
Succan Bay. Villagers have had 9 wives - all still alive. First wife
had 10 children all dead, but all dead.
are known has head of household. no children
are known (ancestors) married to white man he is
- his children.

July 2 1929.

Snow storm of intervals all day. Sunshone
between. Phell. the const (3) Clemens
with wife (ancestor) came in on road first
3.30. One grand son of Onah wife. one
half sister girl (Onah's father) 2 girls young by
black woman. Made up old Totolo with
black hair building. Came to cabin
Stayed in boat till Clemons had talk with John Doe
already from out & decided on Totolo. Men refuse
the Totolo. Boy went out in search of wood.

Clemons had had bad back on hunting.
Came looking very beautiful in fresh snow.
Pawdering of snow. Some snowman in ditch side
"maded" pinkish colored to clean the ditch back
up on mountains. Run rock slide down the face
that hills & water of the Narrows. all ice cleaned
out. One graft before third.

July 3 1929 Käkäla - full kept as party yesterday,
carried to town when took ship.
Blowing (still) during night. Slept well & well resting
bright light shining from Totolo right. Bird
made of beach twigs. Beach heavy on side
of boat & bundle of green rushes. Room is Totolo
to me Clemens. 3 men to two at night also

(a) Wiltsi walewa - "new" boy.
Yachay talk of Paoarimida with Totolo (Totolo) (my wife
on boat) I did
in hand under all that come & were not yet
from come down.
No deer come down & Kas in one part is under. Kas
killed in the very hand writer when Hanning did not
see

see deer night & dinner gone &
intervals during day. Arranged with Clemons to
return to Rio Diquiles after visit to Usurimina
other to hunting later. House - house
to return - grand came in at 3pm
