Gillingham, Dorset
10th April 1885.

My dear Mr. Creech,

Just out of abundant
caution, and by way of supplement
to my last respecting the
Rushmore deviation I write a
line of caution to suggest that
of course the General will not
do away with or actually stop
the old road until after the
next sessions. of course if he
does it will be at the risk of
any cautious member of the
Public asserting his rights.

Yours &c

Robert S. Breame.

Sturminster Newton,

Blandford 11th April 1885

Dear General Pitt-Rivers,

I have heard from Mr.
Campbell as follows viz, "I will
"forward you an inventory of all
"implements on Rushmore, Chapel
"Down & Tolwood Farms on Monday,
"respecting the Agreement the
"General wishes I will consider
"and write you on Monday."

Although I have again written

to Mr Davis I have not yet received
no reply -

I beg to enclose a copy
of a further letter received from Mr
Dennis as to the road as he says
it will not do to stop the old
road until the new one is

reported favorably on at the
Lepino - I remain

Yours obedt. Servant

Alfred
