Sturminster Newton,

Blandford 16th April 1885

Dear General Pitt-Rivers,

Although I had written
2 letters to Mr Lins I did not
get an answer until this morning,
he consents to the grasping off
the piece of land as you wish
at once he writes "I have no
objection to it for I suppose it will
at least for a time be worth as

"much as my no the other,
"perhaps you are for my own interest
"I ought to have asked for some
"compensation" but I hardly felt
"justified in doing so". He of
course knows that he has had
already a restriction in his rent.
I have written to tell Campbell
of this and to say it -

I address this to London -

Yours
