

Sturminster Newton,
Dorset
Blandford 8th June 1885

Dear General Pitt Rivers,

I have now 3 or 4 applications
for the villa at Bampton and
I quite expect to be in a position
to include in my report on
Saturday next the letting of
the same.

I am glad to say that
we have now had a fine

week of weather & if it continues
we shall require some of the
lost ground by the wretched
month of May -

I remain

Your obedient servant

W. L. G.
