

Sturminster Newton,  
Blandford 1<sup>st</sup> Oct - 1885

---

Dear General Pitt Rivers,

When I saw you on  
Thursday last I mentioned that  
I had not then received a  
single notice to quit but I  
could not expect to go over  
without one, I have now had  
notices from the Srs of Bridport,  
Phillips of Coleard, Lord of  
Cerne a small sum as likewise

though we both Lins's & Phillips's  
& board of Hurdley of a small  
field, in addition to his sheep  
Sheet, Lyford & Bennett I have  
had long interviews with they require  
some concessions but I do not think  
there will be much difficulty with  
them, Sheet & Lyford are going  
to make an offer between them  
for Kendall's farm, I intend to prepare  
a statement of each case & let  
you have it as soon as possible.

I may say I have written to ask  
Lins's if he would like to  
exchange for Chapel Down farm  
to which I suppose I shall  
get a reply on Monday & I  
think it better to defer giving  
you my particulars until I have  
seen them -

I have just received your  
letter and will prepare particulars  
as to the Abbotment lands.

I remain your very obedient  
servant  
A. J. M. C. C.
