

At Exeter~~Sturminster Newton,~~Blandford 15th Feb 1885

Dear General Pitt-Rivers,

I forwarded you the
£1200 as I intimated when
seeing you last week & shall
be in a position to forward
you £800 the middle of
next week.

Myself are going on fairly
well here but there are many

complaints as to the prices of
all agricultural produce, I do
much hope we may soon get
a turn for the better -

I do not expect to be able
to leave here until Saturday
morning but I could be at
Dunstable late in the day on
that day if you wish me to be
there. I will kindly let me find
a note on my return to Westminster

to that effect.

I remain

Yours ever obed^t servant

Agulcech
