Dear General Pitt-Rivers,

I enclose you a list
of the Lunds let out as
Allotments belonging to you
with full particulars of the same,
it will not be possible to give
the measure of the Gardens
belonging to cottages in each
case but with few exceptions
there are Gardens to the same

of from 5 perch to a quarter
of an acre -

You have also a very large
number of small *Dumetia* in
your estate, more so than in
any other and in large *Dumetia*
especially among of the ^{small} *Dumetia*
& others have just a field for
an accommodation to them -

I remain

Your obedient servant

Alfred

P.S. Any thing that may occur
to me as to this matter I
will bear in mind -
