Sturminster Newton,

Dorset 7<sup>th</sup> Decr - 1885

Dear General Pitt-Rivers,

To-morrow is the polling  
day for this Division and if  
you are fit to poll, Gunville  
Gunville, as I stated in my  
last will be your polling place.  
The latter part of last week  
we had a little damage to  
windows &c of Messrs in this

place but they did not belong  
to you. To-day it seems very  
quiet but numerous are about that  
we may expect some rough fighting  
work during the next 2 or 3  
days but I shall be in the  
street and I am not at all  
afraid of much mischief myself.

The Radicals here are working  
very hard and are telling such  
lies to the Labouring classes

that they <sup>have</sup> such a hold on them  
that I do not think anything  
can prevent the return of Mr.  
Bartman by a very large  
majority - I will write no more  
so it is over.

I remain

Yours &c. &c. Lambert
