Sturminster Newton,

Dorset 10th June 1886

Dear General Pitt-Rivers,

I am just returned  
from Rochester where I have  
been to meet the creditors of  
Mr Dunning the Sheriff at home,  
I think he will be able to pay  
his debts nearly in full & I hope  
he will be able to go on with  
the Farm, there will be no loss with  
him - I have written to Mr Chamberlain

telling him to have his accounts  
ready by Tuesday next when  
I shall be at Rushmore and  
will check the Book -

I wrote to the Bank at  
Shaftesbury and have had 2  
letters from Mr. Southgate &  
in the last he asked me to  
see Mr. Sturton the district  
Manager as to the sums charged  
the Keepers for commission, I have  
now seen him & have arranged  
with him that no commission is

hereafter to be charged for  
charging any of your charges -

The reason of the charge was  
that the Keepers require nearly  
all Gold for the charges, they  
ought to take a portion of the  
amount in Bank notes.

I have just received from Mr.  
Green the estimate for the work  
necessary to the House in  
Dennyham Road to which I will  
go through & lay before you -

I remain  
Your very obedt. Servant  
A. B. C.
