

400 or at the most 500 acres of it
to be in my one year as the
remainder would be in two &
graze - You were under the impression
that he was charged less rent but
this is not the case -

I do not think anything need
interfere with your building the
Lodge & Temple this year but
it would be well not to have the
latter begun too early in the year -

I intend to be at Rushmore on
Saturday evening next. Your obedt. Servant
A. J. Flecker

Sturminster Newton,

Dorset 16th July 1886

Dear General Pitt-Rivers,

In order to prevent a
difficulty hereafter I have told
Morley he had better submit
to you for approval a formal
specification & estimate of the
repairs required, he has much
altered his views as to what was
necessary since I saw him -

I am not sure that I quite

understand your view as to the
difference in Labour payments on
the Farms, there was no emring
in Labour but a difference
caused by the emring down so
much of the Arable Land to
Grass, if the acreage of barn had
been greater so in proportion
would ^{have} been the cost for Labour.

The items you refer to as paid
on March 9/85 was £ 22.10.0
the same date £ 16.1.4 to

Westfield one for bills due in the
year 1884 and dealt with in
the account for that year, at least
you will find the emms amongst
the unpaid bills for that year.
I have written to Campbell to satisfy
you as to this.

As to 1000 acres of it
must be recollected that this
includes the Down & other land
as well as Arable but even if
a Farm contained 1000 acres of
Arable there would be only from
