Sturminster Newton,

Dorset 14th March 1886

Dear General Pitt-Rivers,

I intend to go to
Dorchester on Saturday & will
go to you wherever you may be,
although he has not left the house
but hopes to do so about
to-morrow, I will try and get
him to Dorchester & see the
work at the North Lodge &c

before we see you so that the
matter may be talked over
& arranged, I do not like
chaos's work carried on in the
middle of the winter as there
is always a risk, I however am
quite sure that Green will
set it all right.

I remain

Your very obedt Servant

Alfred
