Sturminster Newton,

Dorset 14<sup>th</sup> August 1886

Dear General Pitt-Rivers,

I was out in the morning but  
Campbell had furnished you  
with the statement of account  
you required, I have desired  
him to furnish me with the  
same at once, when I will  
forthwith forward you a copy -  
I duly paid over to your account

the further sum of £2,500  
(making the £5,000) on  
Wednesday next last.

The weather has been bad  
of late and it begins to make  
~~us~~ us look anxiously for some  
warm sunshine as the Harvest  
will be so late, the rain  
however has seemed a most help  
& I am glad to say it has  
had the effect of raising the

price of sheep this week from  
6/ to 10/ each -

As soon as I get Campbell's  
account I will write again -

I remain

Yours very obedt Servant

Alfred Cochrane
