

I will however further consider  
this matter -

In dealing with my Servant  
I will only speak of an allowance  
for 2 years & not 3.

I remain

Your very obed<sup>t</sup>. Servant

Dear General Pitt-Rivers,

I return the extract from  
the "Times" of the 5<sup>th</sup> inst, which  
when we discussed the matter  
before I then informed you  
that nothing was removed  
whatever on either of the  
Properties at Bridport Harbours  
except that at every Spring  
tide & especially when the wind

is with the tide an immense  
bank of sand is thrown on the  
beach, this when it is on the  
beach is sold & after talking  
the matter over you decided  
it was to be continued on your  
Beach the same as others, in  
fact it is considered by those on  
the spot that it is much better  
to do this or otherwise there would  
be no Beach for visitors left  
there, I will again explain fully

into the matter when on the  
spot next week -

As to the Tithe rent charge  
alteration I feel sure that, it  
should be dealt with by Parliament,  
no Government, and especially  
a conservative one, will ever bring  
in a Bill on the same lines  
as the Game Game Bill as the  
two cases are entirely different, for  
in the latter the Farmer of course  
had to feed all the Rabbits -
