Sturminster Newton,

Dorset 2nd July 1887

Dear General Pitt-Rivers,

The report in the papers was sent from the Conservative Office here by Mr Ashmole. There is an omission in the printing, it was considered by Mr Ashmole and others that I mentioned the matter to, that I must certainly ought not to publish the matter as it would look very bad

I must say I thought the same
I ^{that} thought it would be much better
to come from another source, of
course a correction can be made
if you wish it.

I intended to have going
you to Anstons but in consequence
of Mr Hodge and 3 or 4 others
coming here it has prevented me.

I will be there early on Tuesday
morning on which day I have
managed to meet Mr Green.

I remain

Your very obed^t servant

Alfred
