Sturminster Newton,

Dorset 25th March 1887

Dear Sir,

I have delayed answering
your letter until I had seen
Genl. Pitt-Rivers again on the
subject of your rent & I have now
to inform you that he is
disposed to place your rent on
your Father's holding on the same
footing as other Farms of a like

kind & temper to which have been
recently dealt with, treating with
the same on this principle the
reduction to be made on thompson
seeds would be about £25.

If you mis-remembered my
last letter, you surely cannot
refuse to order the grass seeds
required on my undertaking to
pay the cost of the same if you
should lose the same.

Wm. H. Bennett
Yours truly
A. W. W. W.

Heavily says he has ~~not~~ been
repaired done. The last repairs were
done 2 years ago.
Wants a reduction on Heavily's
particular agreed to but has been. Needs
at his own cost.
