Sturminster Newton,

Dorset. 16th April - 1887

Dear General Pitt-Rivers,

Just as I was about to
start for Dorchester this morning I had
a message that the Farmers were
to meet to-day in reference to the
valuation on Arton Farm as to
the charges being that I should
probably be required to attend
the meeting & at 12 o'clock I had
a further message requesting me

to go it over this will therefore
make it very late before I could
get to Anshmore ^{to-day} & I have therefore
telegraphed you to say I will be
there on Monday morning -

I remain

Yours obedt. Servant

Alfred
