

with the information you say
he has promised to send which
he had previously promised
me I will write him directly.

Dear General Pitt-Rivers,

I had, besides the
conversations with Mr Sturmy,
written him 3 different letters
as to the exchange and only
had the one letter in reply
to which you say, to my last
2 letters he gave no reply at
all & Mr Sturmy told him in

my presence last week that she
had often pressed him to give
a reply of some sort but he
did not do so, when I saw
him as I told you he promised
me he would forward the
particulars of his land in about
a fortnight or 3 weeks & I told
him to select property from
my part of the estate, except
close to Inshmore & I would then

consult you further & do all all
I could to bring about an
exchange & would do anything
I could to accommodate him.

I felt very much disposed to
write him calling his attention
to these facts but perhaps as
he is such a peevish man
it may only do harm in the
way of the exchange.

As soon as I hear from him
