Sturminster Newton,

Dorset 1st Decr - 1887

Dear General Pitt-Rivers,

I had intended going
to Bournemouth ^{yesterday}, but unfortunately on
my return from home I found I had
such a severe cold caused I think
by sleeping in a hump bed that
it prevented me, I hope to go in
a day or two the first morning that
I can I will be there & will go to you

Whereas you may be - I have
answered the account on the accounts
and am having a copy of the
same made for reference & will
return you the original by the next
post -

Mr. Murray's Daughter is to
be married I hear on Monday or
Tuesday next but in consequence
of his great age it is to be very
quiet and no one to go to the House,
I think it will be better not to come

him with the formal notice until
the wedding is over when it shall
be done directly & I will report
the matter to you formally -

In my return from Geneva I remitted
a further £500 to Messrs. Dumoulin

I remain

Your very obedt. Servant

Alfred
