Sturminster Newton,

Dorset 10th Decr - 1887

Dear General Pitt-Rivers,

Although young Deformed  
is going to live at Sturminster  
it is his Father at Hambley  
who is a Tenant there that is  
accepted as the Tenant at  
Sturminster and he has been  
always a good Tenant, your  
land is only 35 and not 55 acres  
and no Justice Land amongst it -  
Campbell's accounts are made

up to the 31st Decr and as I told you  
the Arch should be gone out as  
usual after the accounts are closed  
but of course if you wish it done  
next week I will appoint a day  
for the purpose.

Nothing whatever has been <sup>done</sup>  
as to building or contemplated work  
at West Bay, I was in conversation  
with Mr Fisher there on the subject  
a short time since & I will also  
now write on the subject to you.

I shall leave to-morrow morning  
I expect from the 11th by whether I am  
to meet him on that day or on  
Sunday at Galesburg, if to-morrow  
I will be at Annapolis at 2 o'clock.

I remain

Yours very obedt. Servant

Wm. Greath
