Sturminster Newton,

Dorset 16th - Jan'y - 1888

Dear General Pitt-Rivers,

Your letter has been
delayed 2 posts in reaching me
as it was ~~misdirected~~ sent first to
Ringwood and then to Southampton
which caused the delay - I have
this afternoon received Mr Campbell's
accounts and shall at once
commence the same and think they

will be ready for me to take to
Ainstone in 2 or 3 days, I want
to finish them up at once so
that they may be done with, so
far as I am concerned, before we
commence the credits and which
I have arranged to commence at
the usual time (viz) the 30th inst.

I hear Mr Portman the Member
for North Dorset is addressing
the Medical Associations at different
places this week and will do so

at here on Friday evening next
and Mr Stambour has announced
that your Son is to take the Chair
here, I dare say you will recollect
the same thing happened this
time last year but your Son did
not attend and perhaps is not
going to now -

I will write again to you

Yours

Yours very obedt. Servant
W. Steech
