

At home Abbas Sturminster Newton,

(B307)

Dorset 16th Nov - 1888

Dear General Pitt-Rivers,

I am forwarding £500  
to Messrs. Messers. Pitt-Rivers for your  
account -

I am glad to say that  
although we have had so very  
much wet weather during the  
past few days and also  
an unusually high flood in the  
Vale no damage has been done

except to a few proofs by the  
Henry Combs -

I have now talked over  
the matter of the Army School  
with several of the State Trustees  
and the matter seems to be well  
received by them and I shall I  
think have no difficulty in getting  
a good committee to act in  
the matter and also a good  
number to start a class, after next

week most of the small credits will  
be over and I shall then have  
time to attend to the matter, I  
return from here on Saturday  
evening - I remain

Your very obedt Servant

Alfred
