Sturminster Newton,

Dorset 1st June 1889

Dear General Pitt-Rivers,

I have been in correspondence
with Stamford as to the checks
and have asked him to inform
me the price of mounting them
in canvas or cloth.

We have had too much
rain during the past week &
the temperature has been low but

I am glad to say we have to-day
a very desirable change and I much
hope we shall now get plenty
of snow -

Ever yours

Your very obedt. Servant

Alfred
