Sturminster Newton,

Dorset 9th August 1889

Dear General Pitt-Rivers,

The audits have ended
fairly well and I shall
to-morrow remit a further
sum of £2500 to your
account which with the
£2500 sent last week will
make the £5000 -

I have to-day met Brewer

at Blomford Fair where he
sold 150 Lambs by auction
at an average price of about
 $35/6^d$ which is a very good
price, he wanted some ewes
to replace some over aged ones
which he is going to sell shortly
he therefore bought 100 good
ones at $51/6^d$, Lambs are
as dear as ever I saw them
+ much higher in proportion than

ewes.

We have had a very
heavy rain to-day but I much
hope it will not last as the
greater part of the corn is
now out but nothing stacked
as yet severely.

I ~~am~~ very much
hope Mrs Pitt-Rivers is now
better.

Yours

Yours obedt. Servant
Alfred
